

Recipients : Veterinarians – equine sector
Sender: Diagnostic Service (DS) – Clinical pathology laboratory
Date : 2018-05-16
Objet : **Equine endogenous ACTH test now available at the DS**

Dear customers,

We are very pleased to announce that the Clinical Pathology Laboratory of the Diagnostic Service is now offering the equine endogenous ACTH test.

The test is offered at a lower cost compared to the referred test and results are available more quickly. The sample to be submitted is EDTA plasma separated by centrifugation and then transferred and frozen immediately in plastic tubes.

If you would like to know the price associated with this test, do not hesitate to contact us.
